

## Using your i>clicker in class

You are required to purchase an i>clicker remote for in-class participation and voting.

Please bring your text and clicker to each class.

i>clicker is a response system that enables you to respond to questions I pose during class. You will be graded on that feedback and/or your in-class participation.

In order to receive this credit, you will need to register your i>clicker remote by **Oct-1<sup>st</sup>**. You must have come to class at least once and voted on at least one question, in order to complete this registration properly.
